WOLF
CLASSIC CABINETS

Leader in value and reliability

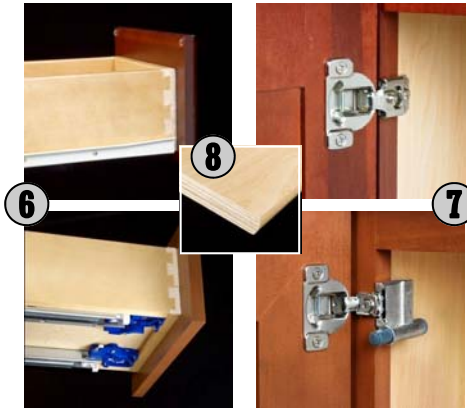

Quality is in the Details

WOLF Classic Cabinets are proudly made in the USA, factory-assembled from hand selected American Maple without cams, brackets or clips. All drawer boxes are dovetailed for strength at no additional charge. In addition, our finishes are machine-applied using the latest technology to ensure a smooth, even look. Corrugated packaging is securely strapped, fully encasing your product and assuring safe arrival without damage.

BASE CABINETS

- 1 Cabinet fronts are made from 3/4" solid maple wood. Front stiles are pocket drilled and assembled with 1-1/4" screws for rugged durability.
- 2 Side panels – 1/2" plywood with matching exterior laminate – are glued and stapled in a 1/2" dado in the cabinet's front frame.
- 3 Back panels – made from vinyl covered (inside only) 1/2" plywood – are glued and nailed in a 1/2" dado and stapled to the hang rail and cabinet bottom.
- 4 All wood 3/4" corner blocks are installed on all corners.
- 5 Half-depth adjustable shelf of 3/4" plywood with bull nosed, foil covered front edges.

FINISH, DRAWERS & HINGES

- 6 All cabinet front and door surfaces receive stain and a catalyzed clear finish. Our finish provides a deep, rich wood tone that is resistant to household chemicals, water, food stains and mild acids.
- 6 All drawers are constructed using 5/8" clear finished solid wood with dovetail construction. Drawer bottom is 1/4" plywood in a dado into drawer sides.
Saginaw: Side mount, standard glides
Dartmouth & Hudson: Full extension, under mount glides
- 7 Saginaw: Hidden, six-way adjustable hinge
Dartmouth & Hudson: Hidden, six-way adjustable hinge with installed snap on soft-closing mechanism
- 8 Adjustable 3/4" plywood shelf with bull nosed, foil covered front edges.

WALL CABINETS

- 1 Cabinet fronts are made from 3/4" solid wood. Front stiles are pocket drilled and assembled with 1-1/4" screws for rugged durability.
- 2 Side panels – 1/2" plywood with matching exterior laminate – are glued and stapled in a 1/2" dado in the cabinet's front frame.
- 3 Back panels – made from vinyl covered (inside only) 1/2" plywood – are glued and nailed in a 1/2" dado and stapled to the cabinet tops and bottom. Plywood hanging rails are installed at both the top and bottom of the cabinet.
- 4 Adjustable 3/4" plywood shelf with bull nosed, foil covered front edges. The shelves are held in place with a self-locking clips on the sides.

Certified Stewards of the Environment

In addition to being certified with the Kitchen Cabinet Manufacturers Association (KCMA), WOLF products also meet the goals of the KCMA's Environmental Stewardship Program (ESP). Participants are held to strict requirements in support of responsible forest management that promotes sustainability and long-term economic and environmental benefit. This responsibility includes recycling of saw dust, using low VOC finishes and CARB approved plywood.
